

My name is Alex Parker, I live with my Mom. My dad died when I was four years old. I'm twelve years old. I have long blonde hair and big blue eyes. I dashed home from school yesterday to find that my Mom bought me a mirror. As I looked in the mirror there was something at the bottom. I slowly peered in.

and my head went through the mirror. Since my mom wasn't home I decided to go for it! I shoved my whole body through and it worked!

I tumbled down the black staircase. Everything was black but there was a light and then before me I saw a husky. It could talk his name was Ceaser. I got told to follow him. We walked and saw another door. It was tiny I don't know how I fit threw. But I did wow!! This world

is wonderful. Ceaser said "Now Alex
this world is not what it seems there
are dangers, fears, monsters and more.
But there is a monster worst than all
the rest. Her name is Samantha
Slither. She lives in the mountains
called Slither Summit.

Now to explain your powers⁴ said
Caesar. "What do I have to do?" I
asked. He told me to drink a potion and
eat a cupcake. The potion was slimy
and slid down my throat. The cupcake
tasted like strawberries.
Caesar lit a ring of fire suddenly
he pushed me in. I did not burn
but glowed. That is how my powers
came!!!

I tested out my powers on a pile of coal. A beam of light shone at the coal and in seconds it was up in flames. Caser told me that it was time to kill the queen. I leapt on my horse and galloped to the mountains.

There were a line of ogres guarding the castle. I jumped off my horse and hid in the bushes. I quickly ran over to the wall. I picked up a rock to distract the ogres. I ran over to the door and found a bow and arrows. I grabbed it and wandered around the castle. I found a room with a plaque on the door saying "Master's room". I crept in and lit an arrow with a fire tip. I spotted a note it said "Dear Alex I knew you would come and try

to kill me. The battle will start at 5:10 at the Crop field today. Good luck, you'll need it" from Samantha.

I was at the Crop field at 5:10 sharp, that was where it began. I nervously walked onto the flat surface and looked her straight in the eye. She hissed at me and moved at the speed of light. I quickly shot 2 arrows and missed! Samantha slither fought back with her killer claws. She took a clean swipe and cut my leg. Blood began to gush. I thought it was over. I then remembered my fire powers. Samantha came charging at me. I took one huge breath and exhaled fire on my lucky arrow. I quickly placed my flaming arrow in my bow and shot her right in the heart. She screamed in agony and vanished into dust!!

I couldn't believe that I won my leg was throbbing. But I didn't care, I won I was victorious! I walked down the crooked path and I was getting thanked for defeating the evil queen.

The mirror shot up from the ground, I now realise that it's time to go, to leave my mission was over. Ceasar was disappointed that I had to go. "Ceasar will you come with me, I would love a dog. mom will adore you" I explained, Ceasar said "yes yes I would love too"

So we said our good byes and went. We were coming to the ground and we hit the ground with a thump and bang!!! My mom came running in my bedroom and pulled opened the door and found us on the ground. She asked questions and I answered them. She said she missed me and I was right she loved Ceasar.
